

# Why use Microbz cleaners?

Beneficial microbes love to digest dirt, grease and grime

Eco friendly.  
No chemicals, safe for septic systems, 100% natural

Allergy friendly. Gentle on skin and fabric, beneficial microbes create an environment where mites and allergens cannot thrive

Economical.  
One 250ml bottle of concentrate makes up to 25l of cleaning solution

Continues cleaning long after use. Beneficial microbes create a protective biofilm that repels pathogens

Eliminates smells from smoking, food or other unpleasant odours

100% safe for children and animals

Microbz combine active, beneficial microbes in unique probiotic blends. Natural, sustainable and effective – this is a technology everyone and everything can thrive on.

# How to clean with the power of nature

## 100% natural microbial cleaners

1.  Dilute concentrate with un-chlorinated water (ie allow tap water to stand for 20 mins) >  or  spray bottle mop bucket
2.  Spray or mop surfaces, appliances, everything 
3.  Leave min 5 minutes while microbes digest dirt, grease and grime 
4.  Wipe clean, no need to rinse floors
5.  Feel good! Your space will stay pathogen free longer than with a chemical cleaner. And you are protecting your health, your family's health, and the health of the planet.
